

SUSTAINABLE DEVELOPMENT GOALS

BEYOND BUSINESS: KP SANGHVI'S COMMITMENT TO GLOBAL SUSTAINABILITY.

What is United Nation Sustainable Development Goals?

The United Nations Sustainable Development Goals (UN SDGs) are a universal call to action, established in 2015, to end poverty, protect the planet, and ensure prosperity for all by 2030. Comprising 17 interconnected goals, they provide a shared blueprint for peace and prosperity, addressing a range of global challenges, including those related to health, inequality, climate change, and environmental degradation. The SDGs are a testament to the global commitment towards creating a better, more sustainable future for all.

Our efforts towards United Nation Sustainable Development Goals

At KP Sanghvi, we have committed ourselves to making meaningful contributions to the United Nations Sustainable Development Goals (SDGs). Our journey toward this noble cause has just begun, and every day, we are taking significant steps in that direction. Presently, we are actively working toward 14 of these important goals and have a clear vision to extend our efforts to encompass all 17 goals in the future.

Eradicating hunger is about fueling futures, not just feeding mouths. Our commitment at KP Sanghvi has been evident over the years. From distributing over 5000+ essential kits and serving 1/2 a million meals to displaced migrant workers during Covid-19, to aiding flood victims in Rajasthan in 2017 with food packets and emergency kits. After the Kutch Earthquake in 2001, we donated \$1 million to deliver essential kits to those in disaster-stricken areas. Our support has extended beyond humans: we also assisted cow shelters during the 2010 drought.

ZERO HUNGER

GOOD HEALTH AND WELL-BEING

Wellness hinges on quality healthcare and empathy. KP Sanghvi demonstrated unwavering support during Covid-19 with essential kit donations throughout India. We hosted a camp in Sirohi for the differently abled, benefiting 1,961 individuals. In 2011, we gave warm blankets to the needy in Sirohi, Rajasthan. Our health commitment is highlighted by our 2013-established Eye Institute, annual health initiatives such as free health check ups for employees & blood donation drives since 2008, and the KP Sanghvi Hospital built in 2000 with an additional OPD Block donation in Sirohi(1998).

Empowering minds through quality education fosters a world of knowledge and innovation. At KP Sanghvi, we've set up a school in Pavapuri for rural children aged 5 to 10. Addressing higher education needs, we built a 26,000 sq.ft. government college and law college in Sirohi. We also support Shree Bhartimaiya Vidyhasankul in Surat and sponsor a Mentoria Program for parents of teenagers, aiding 100 families.

QUALITY EDUCATION

AFFORDABLE AND CLEAN ENERGY

Clean energy is key to combating climate change and preserving our planet; our commitment to this vision is evident as we source 1/3 of our electricity from renewable sources such as solar and wind, driving us towards a sustainable energy future.

GENDER EQUALITY

Gender equality propels economic growth. In testament to our dedication to this principle, over 35% of our global workforce are women, serving in a range of roles and leadership capacities, with Botswana notably at 55%. Our commitment is also showcased by our groundbreaking initiative in 2010: the establishment of the first women-only diamond polishing factory in Surat.

DECENT WORK AND ECONOMIC GROWTH

Emphasizing the vital importance of promoting decent work and economic growth for all, KP Sanghvi is resolute in its commitment to equal rights and responsible practices. Our RJC accreditation and strict adherence to the Best Practice Principles (BPP) reflect our dedication to ethical standards, championing both industry excellence and continuous professional development.

CLEAN WATER AND SANITATION

Water conservation is the lifeline for a sustainable future. Harnessing the power of check dams for water security, our initiatives ensure that 250 million liters are conserved annually, with this precious resource being reused across our campuses, underscoring our dedication to sustainable water practices.

INDUSTRY, INNOVATION AND INFRASTRUCTURE

Innovation fuels progress and shapes the future. At KP Sanghvi, we provide top-quality products and services while incorporating sustainability into our daily operations. Our commitment to innovation is evident through our patented diamond cut, CUPIO, and advanced technology like Tracr for transparency from mine to market, along with high-tech machinery, including our in-house laser machine.

Inclusivity is our cornerstone for a progressive society. We support education for lower-income families and champion equal opportunities for individuals with disabilities. Our 7,000+ employees represent diverse backgrounds in terms of gender, religion, and social status, highlighting our unwavering commitment to equality.

REDUCED INEQUALITIES

10 REDUCED INEQUALITIES

CLIMATE ACTION

Trees are nature's warriors against climate change, purifying the air and absorbing detrimental gases. Reflecting our steadfast commitment to this cause, we have planted over 300,000 trees across our campuses to make a tangible difference in the fight against global warming.

13 CLIMATE ACTION

SUSTAINABLE CITIES AND COMMUNITIES

Ensuring our spaces are sustainable is essential for the planet's future. Converting existing factory facilities into high-performance green buildings as per LEED Operations and Maintenance Rating by improving energy, water, waste, and indoor air quality performance and associated carbon emissions to move towards net zero emissions.

11 SUSTAINABLE CITIES AND COMMUNITIES

LIFE ON LAND

Balancing life on land is pivotal for Earth's harmony. KP Sanghvi invests \$1.8 million annually in animal welfare. Our 740000+ sq.m. Cow Shelter houses and aids around 5,500+ stray cattle, complemented by a dedicated Animal Hospital for 24/7 care. We also support local biodiversity with designated pigeon feeding areas and provide meals for stray dogs across 120 regional villages in Rajasthan

15 LIFE ON LAND

RESPONSIBLE CONSUMPTION AND PRODUCTION

In today's world, sustainability is not just a buzzword but a pressing necessity. At KP Sanghvi, we are committed to responsible consumption and production. Our green purchase policy emphasizes local sourcing, recycled products, eco-friendly cleaning materials, and eliminating single-use plastic. We diligently segregate, reuse, and recycle waste, working towards our goal of becoming a Zero Waste Company.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

PEACE, JUSTICE AND STRONG INSTITUTIONS

Laws are the pathway to a harmonious society. To promote peace and justice for a better world, we've established a 26,000 sq.ft. law college in the Sirohi District. As the sole institution within a 70 km radius offering graduate and postgraduate law degrees, this initiative embodies our commitment to strengthening legal frameworks and fostering just societies.
